REASONS FOR ALLOWANCE

1. The following is an examiner's statement of reasons for allowance: The Japanese Patent publications 08-266179 and 10-191983 recently submitted by Applicants in the IDS filed 3-02-04 were considered. The recently submitted references are not considered to be prior art over the claims of the instant application since they neither anticipate nor render obvious the claimed invention. The cited references do not read on the instantly claimed invention because neither reference discloses: (a) the isolated choline monooxygenase gene comprising the nucleotide sequence shown in SEQ ID NO: 1, 3, or 5; (b) a nucleotide sequence which has 97% homology with SEQ ID NO: 1, 3, or 5; (c) or an isolated choline monooxygenase gene encoding a protein comprising the amino acid sequences of SEQ ID NO: 2, 4, and 6, which were identified by the Applicants of the instant invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
